

**Saint Vincent and the Grenadines  
VOLCANIC ERUPTION EMERGENCY PROJECT**

**Request For Expressions of Interest  
Consulting Services – Individual Consultant**

**Assignment Title: Project Engineer**

**Reference No.: SVG-VEEP-CS-IC-9**

The Government of Saint Vincent and the Grenadines (GoSVG) has received financing from the International Development Association (The World Bank) and the European Commission towards the Volcano Eruption Emergency Project (VEEP). The Project Development Objective of the VEEP is to support Saint Vincent and the Grenadines to (i) provide short-term income support, (ii) improve the capacity of the government to prepare for and respond to emergencies, and (iii) build back better critical services in the aftermath of the La Soufriere volcano eruption. The VEEP comprises three components that seek to achieve the development objectives. To execute the Project, the GoSVG is establishing an implementation unit which will require the services of a Project Engineer.

The position of Project Engineer is a contracted full-time position. Work will be performed on site at the office of the Public Sector Investment Programme Management Unit (PSIPMU) of the Economic Planning Division in the Ministry of Finance, Economic Planning and Information Technology (MoFEP) located in Saint Vincent and the Grenadines. The Project Engineer will report to the Director of Economic Planning through the Project Coordinator and shall be responsible for managing the infrastructure portfolio of the VEEP under the direct supervision of the Project Coordinator. The Engineer will work closely with the project implementation team within the PSIPMU and will liaise with the World Bank project team to ensure that the project activities are conducted according to the Government of SVG and World Bank requirements.

The Consultant will be responsible for providing support to the Economic Planning Division in all technical matters relating to planning, design, and implementation of the civil work activities under the infrastructural aspects of the VEEP project. By providing support, the Project Engineer's assignment includes assessing the overall conditions of contract management and project implementation, recommending procedures or corrective actions, and eventually enforcing any approved recommendations or instructions from the Project Coordinator.

The detailed Terms of Reference (TOR) for the assignment can be found at the following link:
